Uganda Law Society Press Statement
Trial Observation of Besigye/Kamulegeya Case

The Uganda Law Society (ULS) maintains a principled approach to legal proceedings, respecting the professional autonomy of advocates involved in ongoing litigation. While we do not typically provide running commentary on active court cases, we are committed to upholding the rule of law and ensuring fair judicial processes.

In line with this commitment, the ULS has launched a Trial Watch programme for the Dr Kizza Besigye and Hajji Obeid Lutale Kamulegeya case. We have strategically deployed an independent observer from our Rule of Law Committee to systematically monitor and assess the court proceedings. This observer will provide regular, comprehensive reports to the ULS leadership, enabling us to evaluate potential interventions consistent with our statutory mandate.

Our objective is to ensure transparency, procedural integrity, and the fundamental principles of justice throughout these proceedings.

Isaac Ssemakadde
